Amenities Reimagined.

Refinement is in the attention to detail. And at B\W, that doesn't end at architecture and design. What if you could have your own personal sommelier or a private chef on call? Or both?

With premier concierge services at B\W, Abstract Developments has taken a well-considered approach to amenities and lifestyle. And with services like personal assistance, the B\W electric bike and B\W electric car we've created an array of extras that sets Black & White apart. It's amenities, redefined.

CHEF ON DEMAND

Though there are plenty of restaurant options in the area, sometimes you may want to eat in. Especially when you have a personal chef on call. Hosting a little gathering for twenty or a private event for one hundred?

Not a problem. In-home culinary services by Truffles Catering provide West Coast-inspired meals intricately prepared by an award-winning chef. Locally sourced and beautifully presented, the best of the West Coast comes right to your table.

RIGHT SIZING CONSULTANT

Get a hand from the moving experts who will pack boxes, make arrangements and ensure your move is as stress-free as possible.

They're organizational pros with over 12 years of experience and more than happy to take the hassle off your shoulders. Ideal for empty-nesters, or time-crunched professionals, it'll be the simplest move you ever make.

SOMMELIER SERVICES

Finding the right bottle, or bottles, of wine can often be a challenge. With a personal sommelier from Cascadia Liquors, you have years of experience and knowledge on-call. Cascadia's highly skilled team knows their Malbecs from Merlots, and Cavas from Proseccos. Whether you're hosting a fun dinner party or a formal gathering, they will help you make excellent selections.

If you're ever running late, they will even deliver. Let them take your beer, wine and spirits order and have it brought straight to your door. Voted best wine store by the readers of EAT magazine, Cascadia on-demand service makes the world of wine uncomplicated.

PERSONAL ASSISTANTS

When you take a vacation, you may wonder who can take care of your residence when you're not there? Pick up your mail? Or water the plants? iCheckHomes will keep your residence safe and sound when you're not there to do it yourself, collecting mail, acting as an emergency contact and more.

Not just for when you're away, they can also run errands, service your vehicle or organize cleaning and even shop for groceries. iCheckHomes gives you all the personal assistance you need when you're at home or away.

How Can We Help?

iCheckHomes

Beyond Ordinary Amenities.

Like the details of a well-designed building, contemporary amenities make you wonder how you ever lived without them.

From the B\W electric bikes and car to the expansive outdoor deck for lounging and entertaining, B\W offers a host of extras designed especially for modern living.

CARETAKER

The B\W caretaker is available full-time whenever needed. There to organize and facilitate all aspects of the day-to-day operations at Black & White, the caretaker is also on-call 24/7, providing courteous assistance to you and your visitors.

Whether you need to leave keys for someone, an elevator booked for a delivery or need a package accepted, the caretaker ensures your expectations and needs are met.

THE MEETING PLACE

A hang-out spot surrounded by warm wood walls. A view overlooking the tree-lined streetscape over Upper Fort District. Long summer nights gathered around the outdoor fire pit for impromptu barbecues for lasting memories. The common deck area provides an uncommon, cozy outdoor space to wind down and entertain.

B\W ELECTRIC CAR

Enjoy a car-free lifestyle, while still having access to a vehicle. The B\W Electric Car is parked right downstairs as an alternative lifestyle choice.

Not your average car share, it gives you convenient access, as well as the design and performance of a BMWi3, perfect for light errands and short trips. Experience the freedom of car sharing that's simply elevated with this environmentally-friendly and elegant alternative.

car@liveblackandwhite.com

B\W ELECTRIC BIKES

There's so much to discover only a bike ride away, such as the many shops and restaurants around Upper Fort. When you don't feel like walking, cover more ground with the B\W Electric Bikes.

The service offers two bikes and helmets as well as a bike garage for tuning your own bike. And when you want to just take it all in instead of pedalling, the bike converts to electric mode. Opt for a bike instead of a car.

B\W Electric Bikes may turn out to be your preferred way of getting from point A to B.
